Bedford, TX 76021

In re: KENT(FM), Odessa, TX  
Southwest Educational Media  
Foundation of Texas, Inc.  
BPED-920811IA

Dear Applicant:

This letter is in reference to the above-captioned minor change application which proposes to change antenna location.

An engineering review of your application reveals that you applied as a Class C2 station. However, a Class C2 station's 1 mV/m field strength contour must exceed at least 39 kilometers. Your 1 mV/m field strength contour extends 33.4 kilometers, which corresponds to a Class C3 station. Accordingly, for administrative convenience, you have been reclassified as a Class C3 station.

Further engineering study of the above-captioned application reveals that it complies with all FCC rules and is otherwise acceptable for filing. Consequently, application BPED-920811IA will be granted with the following special operating condition:

The automatic program test provisions of 47 C.F.R. § 73.1620 do not apply in this case. A formal request for program test authority must be filed in conjunction with FCC Form 302, application for license, BEFORE PROGRAM TESTS WILL BE AUTHORIZED. This request should be made at least 10 days prior to the date on which program tests are desired to commence. This request must contain documentation which demonstrates compliance with the following special operating condition(s):

Permittee shall submit a statement certifying that the transmitter power will be reduced or shut off to protect persons authorized access to the site, tower or antenna from excessive radiofrequency radiation as outlined in OST Bulletin No. 65, October 1985.

Documentation demonstrating compliance with the special operating conditions may be submitted in advance of the filing of FCC Form 302. The Commission's staff will review it for compliance and respond by letter stating whether automatic PTA has been reinstated.

Accordingly, application BPED-920811IA IS HEREBY GRANTED. The authorization will follow under separate cover.

Sincerely,

A handwritten signature in black ink, appearing to read "Dab P. Williams", written in a cursive style.

for

Dennis Williams  
Chief, EM Branch
